

VIREAKBOTH OEUNG

Cybersecurity Student | Cloud, AWS & Networking

Noble Park, VIC • +61 424 688 482 • oeung.vireakboth@gmail.com

PROFILE

Cybersecurity student at Torrens University Australia with a strong interest in cloud computing, AWS, networking, and practical security-focused projects. Building hands-on technical experience through university work, personal projects, and cloud deployment while developing problem-solving and troubleshooting skills.

TECHNICAL SKILLS

AWS & Cloud AWS, cloud computing fundamentals	Networking Networking fundamentals and troubleshooting
Web Development HTML, CSS, JavaScript	Development Tools Git, GitHub, VS Code
Cybersecurity Security fundamentals, problem-solving	Professional Communication, teamwork, customer service

SELECTED PROJECTS & EVIDENCE

AWS Cloud Infrastructure Lab - Completed practical AWS cloud work as part of developing cloud and infrastructure skills. - Worked with AWS services and cloud concepts relevant to networking, access, and deployment. - Used the project as hands-on evidence of AWS learning beyond coursework.
Portfolio Website HTML, CSS & JavaScript - Designed and developed a personal portfolio website to present cybersecurity, cloud, and networking interests. - Implemented interactive JavaScript features, including typing and hero-section animations. - Integrated Git and GitHub for version control and deployed the website using AWS Amplify. github.com/oeungvireakboth/portfolio
C# Security / Console Project - Developed a C# console application as part of building programming and problem-solving skills. - Applied programming fundamentals to create a practical technical project. - Maintained the project using GitHub as part of a growing technical portfolio. https://github.com/oeungvireakboth/banking-system-csharp

EDUCATION

2025 – Present	Torrens University Australia Bachelor of Cybersecurity
Feb 2025 – Oct 2025	University of Technology and Entrepreneurship Coursework toward Bachelor (Hons.) of Computer Science
2024	Endradevi High School High School Diploma

EXPERIENCE

Dec 2025 – Present	Kitchen Crew — McDonald's, Noble Park VIC - Prepare food efficiently across grill and fryer stations in a fast-paced environment. - Manage multiple tasks during busy periods while maintaining accuracy and efficiency. - Maintain cleanliness and food safety standards. - Work independently when required and support the wider team to meet service targets.
